WILL TAMS

Co-Founder and Head Coach
Road to 4.0

I've been completely obsessed with Pickleball for the last six years. I love both the social aspect of open play as well as the intensity of competing in high-level tournaments. I've participated in tournaments nationwide, including the 2022 and 2023 Pickleball Nationals.

In 2023, I secured gold in mixed doubles and singles at the APP Qualifier in Mesa, Arizona, earning Golden Tickets to Nationals. In November of 2023 at Nationals, I finished 6th out of 40 teams in Men's doubles and 7th in singles in a field of 25.

But beyond medals and finishes, my true passion lies in coaching and helping others improve. Pickleball, to me, is an exploration of learning and potential, where the court becomes a laboratory for experimentation and self-expression within the sport's boundaries.

Most of all, I absolutely love this game and my student's say that my enthusiasm is contagious and helps energize and motivate them to continue to improve their games.

FEDERICO "FRED" MARCONI

Executive Trip Manager
Expert Guide and Sommelier
diVino Tours of Italy

Federico Marconi was born in Siena in the fuzzy Seventies, and since then, he has always been in motion. Having long lived abroad and traveled to countless countries, Fred is truly a World citizen with a broad and multi-faceted understanding of different cultures, languages, and countries.

By day, Fred is the Executive Trip Manager and expert guide for the Tuscany Region, as well as being a trained Sommelier with a true love for wines.

By night*, he is a true *Rockstar* to the bone. He is the lead singer of a band where his other side is able to come out. Lastly—and like the rest of us—he is a pickleball fanatic.

Fred fell in love with the sport in the early 2020s when there was little to no sign of Pickleball in Tuscany and he began building "guerrilla courts" to be able to play. One of his greatest claims to fame is having built the first ever pickleball court in Tuscany in 2021 in an abandoned parking lot.
